

INDUSTRIAL VISIT AT SHREE RAM RAYON

16-03-2017

An industrial visit to Shree Ram Rayon, Navi Pardi, Kamrej was arranged for the 2nd Semester students of Chemical Engineering department. The visit was conducted by Prof. Chirag R. Purohit and Prof. Vishal U shah. Total 49 students have been benefitted from this visit.

The main agenda for arranging this visit was to enhance the practical knowledge of the students, to relate the theoretical concepts with real time problems and solutions, and most importantly to give them the exposure to an industrial setup wherein they are going to be eventually working as Chemical Engineers.

Shree Ram Rayon is involved in manufacturing of fabrics, yarn, dying and printing of fabrics. They are also involved in embroidery work. All students were guided by Company Director Mr. Rasik Bhai Patodia in a seminar. They give full introduction about company and manufacturing units, how it works. They also demonstrated step by step process and hence students could see live process in this plant. Also Students could see how the cloths materials are made by machine.
