

## One Day Workshop on

### **“Basics of Computer Hardware” by HP & CPS Technologies, Surat.**

02-02-2018

Mr. Jay Desai (Regional Sales Executive, Gujarat), Mr. Anwar Vora (Sales Executive south Gujarat), Mr. Sunay Pachigar (Sales executive at CPS Technologies, Surat) had organized a session on “Basics of computer hardware” at the institute. Second & Third year students of Computer Engineering, Electronics and communication engineering attended the workshop. There were around 130 Students participated in the workshop. Mr. Jay Desai started with “Basic Introduction about computer hardware components” and then also demonstrated different components of HP laptops. The whole session was very interactive. The key benefits of this workshop includes knowledge about the functions of hardware parts, distinguishing features among other laptops, and different kinds of memory and specially the parts of the motherboard.
