

## REPORT OF VISIT AT VIKRANT TRANSFORMER, MAROLI

Vikrant Transformers is a reputed manufacturer of power and distribution transformers. They have fully equipped workshop and technically qualified personnel with rich experience in the field of manufacturing power and distribution transformers up to 2 MVA, 33 KV. The products and industries list that follow demonstrate our capabilities.

1. Distribution transformers upto 2000 KVA, 33 KV Class
2. Step up transformers upto 2000 KVA, 33 KV Class
3. Earthing Transformers
4. Low voltage transformers for industrial applications
5. Special transformers to meet customers' specific requirements.
6. Furnace duty transformers.

Vikrant Transformers, Maroli visit organized by Electrical Engineering Department of S. N. Patel Institute of Technology & Research Centre Umrakh-Bardoli on 15-09-2017. The benefit has been taken by 80 students of 2nd year Electrical Engineering Department. It was real practical exposure in “Transformer Design & Maintenance” which never experienced before. The entire “Electrical engineering Department” & “T & P Team” are thankful to “The Principal”, “The Vice-Principal”, “The T & P Coordinator” & “The team of Vikrant Transformers, Maroli” for their cooperation and involvement.
